

Knock it out of the Park for Sierra

We listened! This is our second year of putting 100% of your donations right back into Sierra. Last year was a huge success and the feedback was overwhelming, so we are going to do it again! This year our goal is to get 75% participation. This Direct Donation fundraiser will keep all money at Sierra. The Direct Donation Fundraiser has been moved to the end of February, but we wanted to give you an option to donate before the end of the year.
